

# Environmental and Sustainability Policy

Zippy Cleaning & Maintenance Services Pty Ltd (Zippy) and Zippy Corporate Pty Ltd (Zippy) care for the environment and is committed to providing environmentally sustainable services.

Zippy's environmental policy covers environmental aspects of the cleaning services for both Zippy employees and subcontractors when working on our behalf on client premises.

The company documented environmental system forms part of our overall integrated management system [IMS] and as such is in accordance with ISO 14001:2015. The IMS is subject to continual improvement of systems and regulatory compliance in accordance with state and federal legislation.

This commitment is demonstrated through:

- Zippy's support of environmentally friendly cleaning equipment and products;
- Zippy's environmentally friendly cleaning procedures; and
- Zippy's environmentally responsible waste management practices.

Zippy is committed to:

- The protection of the environment by introducing innovative and safe cleaning methods
- Complying with all environmental legislation and other industry and customer environmental requirements;
- Preventing pollution to air, waterways and ground surfaces
- Continually improving our environmental management practices, by varying our operations where required

All staff and service delivery subcontractors have a shared responsibility for quality standards.

Zippy's workplace environmental policy is communicated to all employees and contractors at induction and is available to the public on request and is reviewed annually to ensure continuing suitability.
